

CALL supporting people living with cancer

CALL is a local charity who give help to people at home

CALL helps people living with cancer and other long-term illnesses that effect their daily lives

CALL also helps carers and family members

All help is given by trained volunteers

Volunteers are supported by a team of staff based in Greater Manchester

What kind of help does CALL offer?

The help given is changed to fit each person

Some of the ways CALL can help are:

By listening and talking about problems and worries people may have

By spending time with a loved one, giving carers time for themselves

By arranging social activities, like days out and coffee mornings

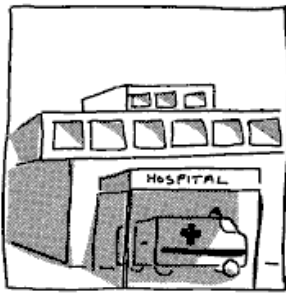

By helping in other ways, like with shopping

By giving you information about other places you can get help in your area

By helping you get to a hospital appointment or treatment

£0

All of the ways CALL helps are free of charge
